YEAR 1 ORIENTATION T-SHIRT

As part of the Year 1 Orientation Programme (Y1O), each student will receive a complimentary Y1O T-Shirt. This T-shirt will be worn during one of the Y1O activities and will be the Batch T-shirt. This T-shirt can also be worn during other school activities such as when the students are on a Learning Journey.

Please follow the guidelines below to determine the appropriate T-shirt size for the Y1O T-shirt.

- Use a T-shirt that fits well. Lay the T-shirt out on a flat surface. The front should be facing up. Take the measurement with the T-shirt remaining flat. Hanging clothes can stretch as they are being measured.
- Use a flexible tape measure at least 36 inches long. Don't try to take clothes' measurements with a standard 12 inch ruler or the measurements will be inaccurate. Download a printable measuring tape online if necessary.
- Measure the chest width - from side to side (start from about an inch or two below the armpit). Measure twice. If the measurements are not the same, try again.
- Record measurement to the nearest 1/4 inch.
- Choose the appropriate size for the T-shirt: e.g., 3XS (16 inches)
- Measure and choose the size accurately as there will be no exchange of T-shirt sizes once the T-shirt has been issued.

REGIONAL STUDIES PROGRAMME (RSP)

The programme is designed to cultivate in our students an appreciation of the rich diversity of Southeast Asia's physical and cultural landscape, as well as the unique regional characteristics that bind the nation-states together. Seminars and field trips (both local and overseas) provide opportunities for students to engage with experts in the field and develop meaningful and lasting relationships with their regional counterparts. Students who are academically able and linguistically talented should use this platform to learn more about our regional countries. Students who are in the Regional Studies Programme must also enrol in the Malay Special Programme.

Students **who are offered Malay Special Programme (MSP) or Bahasa Indonesia (BI) as 3rd Language** should consider taking up the Regional Studies Programme (RSP) Scholarship offered by the Ministry of Education

For more information, please contact Mr Asmizar Bin Abu at asmizar.abu@rafflesgirlssch.edu.sg.

FREQUENTLY ASKED QUESTIONS OF RSP IN RGS

1) What is the Regional Studies Programme (RSP)?

The RSP is a scholarship programme awarded by the Ministry of Education that runs from Years 1 to 6. RGS is one of only 5 secondary schools that offer this programme.

Objectives of RSP:

- To encourage academically able and linguistically talented students to pursue MSP or BI
- To provide students an opportunity to learn about Southeast Asian culture and contemporary society

The RSP scholarship award covers an annual allowance of \$1,000 (credited to the respective RSP students' bank accounts) and school fees based on Singapore Citizen's rates less any subsidies, subject to an annual cap of \$2,400, as long as the student meets the renewal criteria and remains enrolled in the RSP.

2) What are the eligibility criteria for RSP scholarship?

Eligibility Criteria

- Must be a Singapore Citizen
- Must take MSP or BI as her 3rd Language
- Must participate in enrichment activities organised by MOE namely the Cultural Camp (at Year 1) and Seminar on Contemporary Southeast Asia (at Year 3)
- Must participate in local and overseas enrichment activities organised by the school
- Must not be concurrent recipient of any other MOE scholarships except the Edusave Scholarship for Independent Schools (ESIS)

Year 1 RSP students will be assessed in Semester 1 before being nominated for the RSP scholarship. MOE will approve the award of scholarships to successful nominees in Semester 2.

3) Can Permanent Residents and non-citizens join RSP?

While Singapore PRs and non-citizens, who take up MSP or BI, may participate in RSP activities, they are not eligible for the RSP scholarship.

4) Do RSP scholars need to enter a bond to serve the Singapore government upon completion of education?

No. This is not a requirement.

5) What are the criteria for RSP scholarship renewal?

The scholarship is renewed annually. The following are the criteria for renewal:

- Promotion to the next level
- Pass MSP or BI
- Good conduct and attitude which include
 - Regular attendance for MSP or BI classes
 - Participation in local and overseas enrichment activities
 - No adverse disciplinary report

6) The RSP runs from Years 1 to 6, i.e., from Years 1-4 in RGS and Years 5-6 in Raffles Institution. Can an RSP scholar choose to discontinue the scholarship in Years 5-6?

Yes. The RSP scholar can choose to discontinue her RSP scholarship at the end of Year 4 (in RGS), especially if she does not wish to read H2 History at GCE 'A' Level, which is one of the criteria to continue with the RSP scholarship in Years 5-6.

7) If an RSP scholar has to withdraw from MSP or BI, will she lose her RSP scholarship?

Yes. Taking MSP or BI is one of the requirements for the RSP scholarship. If an RSP scholar has to withdraw from MSP or BI, she will also lose her RSP scholarship.

8) How is an RSP scholar to use the RSP allowance?

The \$1000 allowance is credited into the parents' GIRO accounts. Students may use the allowance for any Southeast Asia-related activities or other educational purposes.

9) If an RSP scholar has already received ESIS, can the RSP school fees subsidy cover the remaining school fees?

No. Assuming an RSP scholar has already received a \$200 monthly school fees subsidy via ESIS, RSP will reimburse the \$200 subsidy back to ESIS. In other words, the RSP scholar's school fees subsidy remains capped at \$200 per month or \$2400 per year.

10) How often do the RSP local enrichment activities take place?

RSP enrichment activities organised by RGS aim to provide a deeper understanding of Southeast Asian societies as well as the contemporary issues and challenges faced by them.

There will be 6 RSP enrichment activities per level per year. The activities will take place on designated Wednesday afternoons (1-2 Wednesdays per term) and each activity will run for not more than 3 hours.

The enrichment activities organised by MOE take place at Year 1 and Year 3. The non-residential Year 1 Cultural Camp normally takes place either within the September holidays or during the post-examination period. The Year 3 Southeast Asia seminar normally takes place on a designated afternoon, after school hours.

11) Where are the destinations for the RSP overseas immersion trips?

In RGS, RSP overseas immersion trips are held once a year, at Year 2 and Year 4. The destinations for these immersion trips are Malaysia and Indonesia. Traditionally, the trips are planned for the following destinations and dates:

Year 2 - West Malaysia (ie. KL) and East Malaysia (ie. Sarawak) in November
Year 4 – Indonesia in June

Immersion trips in 2026 will be subject to prevailing conditions.

12) Do RSP scholars have to pay for these immersion trips?

MOE will partly subsidize the cost of these trips (\$100 per student per day, not including air fares and travel insurance). RSP scholars may use any available funds from their Edusave account or their annual RSP allowance to pay the remaining costs.

13) My daughter is not offered MSP or BI. Can she still apply for RSP scholarship?

Yes. She must still take MSP or BI as her 3rd Language in order to be eligible for RSP scholarship (provided that she is a Singapore citizen).

She needs to express her interest by submitting the online RSP application before the deadline. The RSP application automatically enrolls her in the MSP class in RGS.

14) My daughter is offered another 3rd Language. Can she switch to take MSP or BI as 3rd Language and apply for RSP scholarship?

Yes. She needs to reject the initial 3rd Language offer or not register for it. She then needs to express her interest by submitting the online RSP application before the deadline. The RSP application automatically enrolls her in the MSP class in RGS.

Beyond classroom learning, the enriching curriculum provides students with opportunities for hands-on music-making, access to specialized facilities, and learning opportunities with professionals in the creative industries. Students will also enjoy opportunities to learn and collaborate with MEP students from other schools.

For more information, please contact Mr Gerald Teh at gerald.teh@rafflesgirlssch.edu.sg

FREQUENTLY ASKED QUESTIONS OF MEP IN RGS

1) What are the eligibility/selection criteria for MEP in RGS?

Students are required to:

- a) take a Diagnostic Test,
- b) submit video recordings of 2 contrasting pieces on the instrument(s) of their choice.

2) Do I need to sit for a GCE 'O' Level music examination if I join the MEP in RGS?

At RGS, students do not sit for the GCE 'O' Level Music examination at the end of Year 4.

3) Can I leave the MEP in RGS at any time?

The MEP in RGS is a 4-year programme, and students must fulfill the 4-year commitment. Students will be required to sign a Memorandum of Understanding for admission into MEP. Requests to leave the programme will be considered only under exceptional circumstances and on a case-by-case basis. Withdrawal is subject to both RGS and MOE's approval.

4) Do I need to continue in the MEP in Year 5-6 and take Music as an A-Level Subject?

7) Can I enroll in both the MEP and the 3rd language programme conducted by MOELC?

No. Every student in RGS is allowed to take up only one special programme, including Year 1 students because taking up one special programme is already a great commitment of time and effort by the student.

Each special programme (including MEP, 3rd language etc) requires substantial time for the students in the respective programmes to attend to the learning, review and complete their assignments in order to develop themselves fully in the programme.

Also, lessons in MEP, 3rd Language or any other special programmes all take place Friday afternoons.

8) If I am in the MEP, do I have to join a musical group as my CCA?

DSA-MEP students are **required** to be in a Music-related CCA .(e.g. Strings Ensemble, Choir, Band etc.) Please note that Dance CCAs are not considered a “music-related CCA”.

Non-DSA students in the MEP are **highly encouraged** to take part in a music CCA to extend their experience in musical ensemble performance regularly outside of the classroom.

RGS MEP welcomes students who play a variety of instruments. Entry into the programme is based on the same entrance criteria stated above.

SPECIAL ART PROGRAMME (SAP)

The SAP curriculum is designed to provide learning that is meaningful, relates to the experiences of the students, and capitalizes on their imagination. It also strives to create a balance between the concepts and processes of the discipline, with a student-centered approach. The programme seeks to develop the curious mind of the individual youth through discipline-based art education, enabling her to look at issues with a critical eye and a wider perspective, and to construct meaning from their experiences, with an appreciation of individual differences.

As such, SAP students are not allowed to take part in activities with long-term commitments (including private tuition, other special programmes such as 3rd Language classes, SAP, Science Mentorship Program etc.) that fall on Friday afternoons.

3) What are the assessments for SAP students?

SAP is a graded academic subject which includes practical and theory assessments. On average, there are 3 – 4 practical assessments and 2 theory assessments per year, except in Year 4, where students will have 1 practical and 2 written assessments.

4) What is the difference between AEP & SAP?

AEP is an MOE-run Art programme.

SAP is an independently run programme by RGS. SAP is based on MOE's Lower and Upper Secondary Higher Art syllabus, similar to AEP schools.

5) Is there any school fee subsidy for SAP students, similar to students from AEP centres?

SAP students do not receive any subsidy as it is an independent programme, unlike MOE-AEP.

6) How does RGS support SAP students in terms of Art resources as Art materials are costly?

The school provides sufficient funds for basic art materials for each SAP student.
There is also a 50% co-payment scheme for the annual SAP enrichment programmes.

7) When are SAP enrichment activities conducted?

Annual SAP enrichment activities are conducted during school holidays or after school hours.

8) My daughter has been made an offer to take up 3rd language. Can she take up both 3rd language and SAP?

No. Every student in RGS is allowed to take up only one special programme, including Year 1 students because taking up one special programme is already a great commitment of time and effort by the student.

Each special programme (including SAP, 3rd language etc) requires substantial time for the students in the respective programmes to attend to the learning, review and complete their assignments in order to develop themselves fully in the programme.

Also, lessons in SAP, 3rd Language or any other special programmes all take place Friday afternoons.

9) Must my daughter choose the Art Club as a CCA if she is in SAP?

Only DSA-Visual Art students must join Art Club as their CCA.

Non-DSA students in the SAP are **highly encouraged** to select Art club as their choice of CCA as they can benefit from a holistic art experience during their 4 years of study in RGS.

10) How does my daughter apply for SAP?

Students are required to take an on-the-spot drawing test and portfolio interview. If she meets the selection criteria of the interview and drawing test, she will be accepted into SAP. She will also be required to sign a Memorandum of Understanding for admission into SAP.

11) Can my daughter withdraw from SAP?

Withdrawal from the programme is subject to approval from RGS's Director of Academic Studies. Application for withdrawal must be supported by valid reasons.

12) Must my daughter continue with A-levels Art at RI (Year 5-6) as she is in SAP?

Students do not need to continue taking Art in Y5 as the Memorandum of Understanding for SAP students is for a 4-year commitment at RGS. Nevertheless, students who graduate from RGS SAP are highly encouraged to continue pursuing Art as an academic subject in Years 5 and 6 at RI.

Year 1 is a period of transition. Year 1 students will be given time to adjust to their new learning environment and the approaches to teaching and learning in RGS. All students will generally progress to Year 2.

This shift allows for a greater focus on executive functioning skills and on learning itself. By building intrinsic motivation and deemphasising grades, students are more likely to want to continue learning if they enjoy the process.

Assessment

RGS has Continuous Assessments for all Levels – Years 1 to 4. There will be one Weighted Assessment (10 or 15%) in Terms 1 ,2 and 3. There will be an End-of-Year Assessment with a Weighting of 60% or 50%.

COMPULSORY PROGRAMMES FOR HOLISTIC DEVELOPMENT

ATTENDING PEER SUPPORT LEADERS' SESSIONS

The Peer Support Leaders (PSLs) aim to provide non-discriminatory and sustained support to all RGS students, especially the Year Ones, through peer-mentorship. PSLs conduct classroom sessions to equip Year Ones with important skills to deal with common transitional issues they may face. This will help Year 1s make a smooth transition to secondary school life in RGS. The sessions also provide opportunities to foster stronger relationships with classmates, as well as inculcate positive values which guide decision-making in life.

PARTICIPATING IN HOUSE PRACTICES

The House system is an important part of the RGS history. Participation in House Practices (HP) and other House events like the Inter-House Games (IHGs) build a sense of school culture and identity, as well as develop resilience and good sportsmanship in all RGS students. Here are some of the House programmes Year 1s will be involved in:

a. House Practices (HP)

HP facilitate the transition of Year Ones into RGS by inculcating a sense of belonging to their respective Houses. Participation in HP encourages House pride and builds House spirit, strengthens bonds and develops teamwork amongst House members. HPs also aim to provide opportunities for character and leadership development.

b. Mass Dance Batch Project (Open House and Sport Fest)

The Year Ones will play a crucial role in this project which culminates in a performance at the RGS Open House, as well as during Sports Fest. This project is an opportunity for Year Ones to show their appreciation of the rest of the school community, in response to the care and guidance they have received since their admission into RGS.

PSL Sessions and House Practices make up the post-Orientation extension programme and are therefore compulsory for all Year Ones and take precedence over external activities (e.g. external training sessions, enrichment classes, music lessons etc).

In accordance with school policy, any absence will need to be supported by Medical Certificates (MCs) or formal letters of authorisation (e.g. Music examinations, competitions). Parents' letters with special requests (e.g. Early dismissal) which will be accepted after PSB or HOUSE Teachers' careful review of such cases (depending on the session involved).

SCHEDULE OF PSL SESSIONS & HOUSE PRACTICES

Most of the PSL Sessions and House Practices will be held on Wednesday afternoons during the Talent Development blocks. Details such as the dates and venues will be communicated to the students and parents during the Y1 Orientation Week.

For more information on any of the above programmes, please contact the following teachers:

CHOOSING A CO-CURRICULAR ACTIVITY (CCA)

PARTICIPATING IN A CO-CURRICULAR ACTIVITY (CCA)

At RGS, the CCA programme is a four-year journey which aims to:

- nurture every student to realise her talent and potential
- develop strong character and leadership skills
- cultivate sound moral values, social and emotional learning competencies and 21st century competencies to prepare them for the future world.

With a total of 35 CCAs, the programme will definitely cater to the wide diversity of interest, passions and skills which you have. You can look forward to a multitude of exciting opportunities to grow and challenge yourself including competitions, workshops, and performances. Most importantly, the camaraderie you enjoy with your CCA friends often leads to lifelong friendships.

The CCA Orientation 2026 will be held on **6 January 2026 (Tuesday) from 2.30 pm to 4.30 pm.** This annual event provides you with the opportunity to find out more about the wide range of CCA in RGS and prepares you to make an informed choice during the CCA Option Exercise. As we strive to meet the diverse needs of the students, please note that there is a quota in the number of members a CCA can have to ensure that each member is developed to her fullest potential in her area of talent and interest based on the CCA's holistic programme.

TRANSITING WELL TO SECONDARY SCHOOL

FOR YOU, THE RGS GIRL...

It will be a new chapter of your life as you are starting secondary school. Next year will be an exciting year. You will attend a new school and be exposed to a range of new experiences. It is normal to be anxious or apprehensive but, rest assured, that we have activities and programmes in place to help ensure that you settle in well. There will also be a host of people supporting and cheering you on!

As a start, here are some tips to help you ease in.

1. Do read the following section with your parents and work with them to help you start the year well.
2. You may need to pick up some organizational skills as secondary school does entail more areas you need to be responsible for. Keep a schedule book (it can be an online app) and write down things you need to do so that you can plan ahead of time. It is time to be more independent!
3. Check your schedule and get all the things you need ready for the next day the night before. Yes, even your uniform with badge and nametag pinned to it! There are more lessons each day. Each lesson has its own set of books/materials and homework.
4. You will get homework regularly and even if you don't, it's a good idea to review the day's lessons or read ahead. You will typically have quite a busy schedule. Try to keep up. However, if you do fall behind, do let your teacher know before the lesson, so that she can guide you on how to manage.
5. You will have more teachers in the first week than in your whole time at primary school. Each one will have their own set of expectations but they will give you time to adjust. So don't worry.
6. School days are longer than in Primary School. You will be expected to, and you would want to, commit more time to your CCA and other activities. Do make sure you get enough sleep and rest.
7. If you are worried about making friends, do remember that in RGS, students come from many schools all across Singapore and almost all are strangers to each other. A pleasant smile and a warm 'hello' can start a wonderful friendship. Treat others as you would like to be treated.

Your teachers and seniors have organized a variety of activities not just for Orientation Week but also for the course of the year. The activities will not only provide you with support as you transit into secondary school life but also help you to grow as an individual.

See you on the first day of school – for the journey of a lifetime!

FOR YOU, THE RGS PARENTS...

Your daughter is starting secondary school... so what can you do as an RGS parent?

The coming year will be a time of change for your daughter. One way for her to adjust well to these changes is by developing self-confidence. You can support her in this through positive reinforcement.

Encourage your daughter to do things on her own and acknowledge her effort each time you see her do this. Tell your daughter that you value her and appreciate her qualities. This will go a long way to building and maintaining your daughter's confidence. Talk regularly with your daughter about school over the next few weeks, before and after she joins the school.

- Ask her what each day would be like.
- What are her expectations of school and how are they turning out?
- Is she enjoying herself? Does she feel safe and at ease?
- What does she think her teachers would be like? What is she discovering about them?
- What does she think the other girls in the classes would be like? What is she discovering about them?
- What is she most looking forward to every day?

Listening to your daughter talk may give you some indication of her concerns. If she has concerns, discuss her options. Let her know that you take these seriously and are there to help. Encourage her to seek help and clarifications from her teachers in school.

Another way is to help her establish some positive habits:

- Adjust her sleep and wake hours especially if she has had irregular bedtimes over the long holidays.
- Walk her through the programme for each day to help her get used to the longer hours.
- Help her familiarise herself with the route she will take to school and home each day.
- Establish some personal organisation habits. The more you expect her to take responsibility for herself at home, the more likely she will manage herself and her belongings in school. However, as she is just out of primary school, she will need time to adjust and adapt to taking on greater responsibility for herself. Do guide her in taking progressive steps towards acquiring these habits.

Do refer to INET, the RGS' [intranet](#), for more resources on how you can help your daughter transit successfully from primary to secondary school. On the same note, your daughter will attend sessions to equip her with the skills and knowledge to confidently manage life in RGS.
